

We are a worldwide leading provider of laser beam projection displays that enable tech giants from Silicon Valley to Asia to unlock their next Augmented Reality revolution.

To successfully continue our growth ambitions, we are looking for a

**MATERIAL PLANNER (full-time)
(f/m/d)**

Your responsibilities:

- Plan and coordinate material availability from the purchase and delivery with support of ERP software (Odoo).
- Material availability planning for production to ensure zero production down based on forecast (monitor inventory levels against agreed target levels).
- Understand and manage risks to minimize impact on production schedule.
- Inventory management and planning together with manufacturing partners.
- Gather data from a variety of sources. Assess, interpret and analyze the data accurately to support demand forecast for production requirements and financial planning.
- Analytic skills must include the ability to see the big picture and the demonstration of strong business intuition.
- Continuous review and evaluate forecasting models for improvement, accuracy and automation.
- Improve internal processes to enable smooth material handling, kitting and production.

Your qualifications:

- Bachelor Degree in Business Administration or Engineering.
- 2 years of experience as planner, project coordinator or similar role.
- Sound knowledge in material planning, inventory management, sourcing and supply chain management.
- Odoo or at least SAP knowledge in material management as well as perfect MS Office skills.
- Good communicator in English with the ability to form and maintain good relationships internally and externally.
- Commercial and financial awareness with a full understanding of how failure impacts costs, production, manufacture and customer order fulfilment.
- Strong analytical, planning and problem-solving skills.

Your benefits:

- Be part of a young, ambitious and international team with a flat hierarchy structure, with great team spirit and creativity.
- Work in a startup-like culture, with room to develop new ideas for innovation.
- Drive intensive co-operation with international and reputable electronics companies, working on exciting projects.
- Enjoy excellent development opportunities, continuously develop skills according to individual strengths and benefit from our proven mix of on-the-job training and external educational opportunities.
- We care about our country's climate - take advantage of a Job ticket as well as the opportunity to buy a bicycle through the Job Rad program.
- Keep fit with our gym membership.
- Participate in our regular company and team events.
- We have a great company location - headquarters in the center of Vienna (1040).
- We offer a competitive salary, dependent on qualifications and skills.
- Flexible working hours and possibility for home office.

We invite you to join TriLite for a unique learning and working experience, with great potential for growth in an innovative environment.

Applicants must have work permission for Austria/EU.

Please email your CV to hr@trilite-tech.com, with reference to the job title.

No cover letter required. We are looking forward to receiving your application.
