

We are a worldwide leading provider of laser beam projection displays that enable tech giants from Silicon Valley to Asia to unlock their next Augmented Reality revolution.

To successfully continue our growth ambitions, we are looking for a

R&D ENGINEER (full-time)
(f/m/d)

Your responsibilities:

- Work with our engineers on diverse R&D projects in the field of next-generation Augmented Reality, Virtual Reality, and laser projection technologies.
- Develop, prototypically implement, test and evaluate new methods and technologies (hardware and software).
- Investigate, evaluate and utilize state-of-the-art technologies in relevant fields.
- Work in cross-functional teams and collaborate with international high-tech companies and customers.

Your qualifications:

- Successfully completed studies of electrical engineering, optoelectronics, telecommunications, or a comparable university degree (BSc degree, MSc degree or higher preferred).
- Professional experience in one or more of the following fields: Electronics development, programming and scripting (c, Python, Matlab...), FPGA design, and/or ASIC design.
- Experience with semiconductor laser and/or MEMS technologies a plus.
- Excellent knowledge of spoken and written English (International applicants: Knowledge of the German language a plus).
- Ability to work as an autonomous and flexible developer in an interdisciplinary team

Your benefits:

- Being at the forefront of a research and development field that has the potential to change the way we consume information forever
- Young pioneering team with a flat hierarchy structure
- Intensive cooperation with international and reputable electronics companies
- Excellent development opportunities
- Competitive salary, dependent on qualifications and skills
- Flexible working hours and possibility to work from home
- Headquarters in the center of Vienna (1040)
- Additional benefits like team events

Applicants must have work permission for Austria/EU.

Please email your CV to hr@trilite-tech.com, with reference to the job title.

No cover letter required. We are looking forward to receiving your application.
