- Perform the end-to-end inventory management - understands sales trends, inventory levels and status of product orders
- Implement new technologies as needed to support sales and marketing
- Partner with Sales and Marketing to refine lead qualification process, analyse and report on campaign with reporting and dashboards
- Generates and prepare forecasts plan based on the inputs from Sales and product management and creates a demand and inventory plan
- Utilize ERP, Excel, and other tools to analyse and implement sales forecast, order
- Monitor and report on important changes in sales forecasts, budgets, and business strategies
- Conduct monthly forecast maintenance
- Address demand-related issues in a timely and effective manner
- Plan and execute shipping and delivery between contract manufacturing operations, packaging sites, and customers

Your qualifications:

- A bachelor's degree in engineering, marketing, business administration, or related field
- Strong analytical skills
- Strong communication, interpersonal and customer services
- Ability to understand high-level sales strategies, translate them into system and process requirements, and ensure local execution and business impact
- Excellent technical and problem-solving skills
- Good leadership and team working skills
- You are a team player with an open and communicative personality
- You are fluent in English; German skills are beneficial, but not mandatory

Your benefits:

- Be part of a young, ambitious and international team with a flat hierarchy structure, with great team spirit and creativity
- Work in a startup-like culture, with room to develop new ideas for innovation
- Drive Intensive cooperation with international and reputable electronics companies, exciting projects
- Enjoy excellent development opportunities, continuously develop skills according to individual strengths and benefit from our proven mix of on-the-job training and external educational opportunities
- Competitive salary, dependent on qualifications and skills
- Flexible working hours and possibility to work from home
- Headquarters in the center of Vienna (1040)
- Regular company and team events.
